Price:	4.373,25 € (nett:3.675,00 €)

Product description

This set of summer wheels for the Porsche 911 model 992.1 (pre-facelift, built between 2019 and 2024) combines aesthetics with outstanding performance. The set consists of Carrera Classic rims measuring 8.5J x 20 ET53 for the front axle and 11.5J x 21 ET67 for the rear axle. These dimensions ensure an optimal fit and excellent driving characteristics. In addition, the rims are fitted with brand new Pirelli summer tyres, which provide excellent grip and high safety in warm weather conditions. The tyre sizes are 245/35 R20 at the front and 305/30 R21 at the rear, offering a balanced combination of comfort and performance.

Another highlight of this wheel set is the integrated TPMS (tyre pressure monitoring system), which constantly monitors the air pressure and thus contributes to safety by informing the driver of any changes. The OEM number for this wheel set is 992044660K PIR, which confirms its authenticity and quality as a Porsche original part. The condition of the wheels is described as very good and undamaged, making them an excellent choice for drivers who value quality and originality. This high-quality wheel set is not only a functional enhancement, but also a visual upgrade for your Porsche 911 992.1, emphasising the sporty and classic design of the vehicle.
