## Product description

Upgrade your Porsche 911 model 992.1 with this exquisite set of "Carrera S" summer wheels, meticulously designed to enhance both the aesthetics and performance of your vehicle. This set includes front wheels sized at 8.5J x 20 ET53 and rear wheels at 11.5J x 21 ET67, perfectly complementing the dynamic stance and handling characteristics of the Porsche 911.

The wheels are equipped with brand new summer tires, dimensions 245/35 R20 for the front and 305/30 R21 for the rear, ensuring optimal grip and performance during warmer conditions. These tires are specifically selected to match the high-performance nature of the Porsche 911, providing excellent road feedback and handling precision.

Additionally, the wheels come with integrated RDK sensors for tire pressure monitoring, a crucial feature for maintaining tire health and vehicle safety. The sensors seamlessly integrate with the vehicle's systems, providing real-time pressure updates and alerts to ensure your driving experience is both safe and enjoyable. The wheels are finished in a sophisticated 'Aurum' matte silk, offering a unique and elegant look that will make your Porsche stand out. This finish not only adds a touch of luxury but also provides excellent durability and resistance to the elements. This set is an original Porsche part with OEM number 992044660D, ensuring perfect compatibility and performance with your Porsche 911 model 992. The condition is listed as used, but they are in very good condition, undamaged, and uphold the high standards of Porsche original parts.

Whether you're looking to replace your current wheels or enhance the look of your Porsche, this set of 20+21" "Carrera S" summer wheels is an excellent choice, combining style, performance, and quality in one package.
