Product description

The Carrera S 20" summer wheel set designed for Porsche 718 Boxster and Cayman (Model 982) is the perfect choice for those looking for high quality and aesthetics. The set includes four rims measuring 8J x 20 ET57 (front) and 10J x 20 ET45 (rear), which are finished in an elegant high-gloss black, adding a sporty character to the vehicle.

The rims are fitted with new Pirelli summer tyres in sizes 235/35 ZR20 for the front wheels and 265/35 ZR20 for the rear wheels, ensuring excellent grip and performance on the road in warm conditions. Known for their excellent traction and stability, these tyres are ideal for dynamic driving.

The set is also equipped with tyre pressure sensors (RDK sensors), which increase safety and comfort by continuously monitoring the condition of the tyres. The product is new or nearly new, with minor signs of use or storage, which does not affect its quality. The rims have low mileage, which proves their excellent condition.

The OEM number for this set is 98204460206, which confirms its originality and compliance with the technical requirements of Porsche 718 models. This wheel set is an excellent choice for Porsche owners who value originality, safety and the unique appearance of their car.
