Product description

This set of 20-inch Cayenne Design winter wheels is specially designed for the Porsche Cayenne model 9Y0 (from 2018 onwards), but is not suitable for the Cayenne Coupé. The wheel combination includes front rims in size 9J x 20 ET50 and rear rims in size 10.5J x 20 ET64, ensuring optimal fit and performance.

The rims are fitted with new Michelin winter tyres, the front tyres in size 275/45 R20 and the rear tyres in 305/40 R20, offering excellent traction and safety in winter conditions. The wheels are also equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the pressure in the tyres for added safety.

The original Porsche OEM numbers for these wheels are 9Y0044615B, 9Y0044610B and 9Y0044600B. This confirms that they are genuine Porsche original parts, which guarantee high quality and durability.

The condition of the wheels is described as very good and undamaged, which means that despite their used nature, they show no significant damage or signs of wear. This makes them an excellent choice for Porsche owners who value quality and authenticity. These winter wheels are an ideal addition to your Porsche Cayenne to ensure optimum performance and safety during the cold months.
