Available:	shipping in 2-3 weeks
Price:	5.877,10 € (nett:4.938,74 €)

Product description

This set of 21" RS Spyder design summer wheels for the Porsche Taycan J1 (2019-2024) combines aesthetics with outstanding performance. The rims, measuring 9.5J x 21 ET60 and 11.5J x 21 ET66, feature an attractive black satin finish that gives your vehicle a striking and stylish look.

In addition to the high-quality rims, this set includes brand new Goodyear summer tyres in sizes 265/35 R21 for the front axle and 305/30 R21 for the rear axle, which guarantee optimum grip and excellent handling in warm weather conditions. The tyres are brand new, which means they have no mileage and therefore offer maximum performance and safety. The wheels are equipped with TPMS (tyre pressure monitoring system) sensors, which constantly monitor the air pressure and contribute to vehicle safety.

This wheel set is marked as used, but these are Porsche original parts that are new or as good as new. The rims have low mileage and may show minimal signs of use or storage, while the tyres are factory new.

The OEM number for this wheel set is 9J1073660N, which confirms the authenticity and quality of the parts and ensures that they were developed specifically for the Porsche Taycan J1. This high-quality wheel set is an excellent choice for drivers who value performance, safety and an exclusive look.

Technical specifications

Front rims:	Article number: 9J1601025BCJE1
	Quantity: 2
	Rim width: 9,5J
	Rim diameter (inch):
	Offset (ET):
