Product description

This set of 21" exclusive design summer wheels for the Porsche Taycan J1 II (facelift, from model year 2024) combines aesthetics with outstanding performance. The rims in sizes 9.5J x 21 ET60 and 11.5J x 21 ET66 are specially designed for the Taycan and offer a perfect fit and balance. The high-quality Goodyear Eagle F1 Asymmetric 3 summer tyres in sizes 265/35 R21 at the front and 305/30 R21 at the rear guarantee optimum grip and driving stability at high speeds and in warm weather conditions.

A special highlight of this wheel set are the integrated carbon aeroblades. These components are not only visually appealing but also functional, improving the aerodynamics of the vehicle, which leads to increased efficiency and improved driving performance. The item is new, unused and undamaged, making it an excellent choice for vehicle owners who value quality and originality. The OEM number for this wheel set is 9J1073663TA, confirming its authenticity as a genuine Porsche part. This wheel set is not only a visual enhancement, but also an investment in the driving dynamics and safety of your Porsche Taycan. Ideal for drivers who do not want to compromise on style and performance.
