Product description

The 21-inch Cross Turismo design wheel for the Porsche Taycan is a high-quality choice for vehicle owners who value aesthetics and performance. Manufactured in an attractive Vesuvio Grey colour, this wheel measures 9.5J x 21 ET60 and offers the perfect combination of style and functionality.

The wheel is specially designed for the Porsche Taycan and fits seamlessly with the unique design and technical requirements of this electric vehicle. With the OEM number 9J1601025ALOU9, this wheel is a Porsche original part, which guarantees high quality and a perfect fit.

The technical specifications include a width of 9.5J and a diameter of 21 inches, while the offset (ET) of 60 ensures that the wheel fits perfectly in the wheel arch. This not only improves driving stability but also the handling of the vehicle.

This rim is suitable for both the left and right sides of the vehicle and is intended for mounting on the front axle. The robust design ensures durability and resistance to road conditions, making it an excellent choice for Taycan owners who want to enhance the appearance of their vehicle while ensuring reliable performance.

In summary, the 21-inch wheel in Cross Turismo design is a first-class option for Porsche Taycan owners looking for an original part with outstanding quality and an excellent fit. The elegant Vesuvio Grey colour adds an extra dimension of aesthetics to the vehicle, while the technical features guarantee an improved driving experience.
