Discount:	25%
Available:	ready for shipping
Price:	6.814,23 € (nett:5.726,24 €)

Product description

This set of 21" Turbo V summer wheels for the Porsche Panamera G2.2/971.2 (facelift, built between 2020 and 2023) is an excellent choice for drivers who value performance and aesthetics. The combination of high-quality rims and first-class Michelin summer tyres guarantees optimum driving dynamics and safety during the warmer months.

The rims of this wheel set measure 9.5J x 21 ET71 for the front axle and 11.5J x 21 ET69 for the rear axle, ensuring a perfect fit and excellent driving stability. The Michelin summer tyres fitted on the rims, measuring 275/35 R21 at the front and 315/30 R21 at the rear, offer excellent grip and precise steering response, which is particularly advantageous at high speeds.

Another highlight of this wheel set are the integrated TPMS (tyre pressure monitoring system) sensors, which constantly monitor the air pressure and thus ensure increased driving safety. This feature is particularly important as it helps to minimise tyre wear and optimise fuel consumption.

Please note that this wheel set is not suitable for the Panamera Turbo S and 4S E-Hybrid models. The OEM number for this item is 971044665G.

In summary, this 21" Turbo V summer wheel set is an excellent investment for your Porsche Panamera, not only improving its aesthetics but also significantly enhancing the performance and safety of your vehicle. This product is new and meets the high quality standards of Porsche original parts.

Technical specifications

Front rims:	Article number: 971601025ALOC6	
	Quantity: 2	
	Rim width: 9,5J	
	Rim diameter (inch): 21"	
	Offset (ET): 71	
Rear rims:	Article number: 971601025ANOC6	
	Quantity: 2	
	Rim width: 11,5J	
	Rim diameter (inch): 21"	
	Offset (ET): 69	
TPMS sensors:	Yes
