<b>Price:</b>	<b>1.968,51 €</b> <b>(nett:1.654,21 €)</b>

### Product description

This high-quality wheel rim for the Porsche Cayenne E3/9Y0 COUPE GT, in the dimensions 10.5J x 22 ET49, impresses with its exclusive platinum silk matt finish, which gives every vehicle an individual and elegant touch. The rim is specially designed for the Porsche Cayenne model from 2018 onwards (model series 9Y0), ensuring a perfect fit and optimum performance. The item is new, unused and undamaged, making it an excellent choice for vehicle owners who value quality and originality. As an original Porsche part (OEM number: 9Y3601025BAOB5), this wheel rim not only guarantees high compatibility and safety, but also maintains the vehicle warranty, which is often not the case when using replica parts.

The rim has an offset (ET) of 49, which means that it fits perfectly into the wheel arch and offers excellent driving stability. With a width of 10.5J, it also provides a robust base for wide tyres, which ensure the necessary grip, especially during sporty driving manoeuvres and at higher speeds.

In summary, this rim is an excellent choice for Porsche Cayenne owners who are looking for a high-quality, durable and visually appealing replacement part that maintains or improves the performance and aesthetics of their vehicle.
