Product description

This high-quality bi-xenon headlight for the left side is specially designed for the Porsche 718 Boxster and Cayman models of the 982 series. It features dynamic headlight range control (ALWR), which automatically adjusts the height of the light beam depending on the vehicle load and road conditions. This feature improves visibility and increases safety when driving at night or in poor weather conditions. The headlight has an elegant black finish that gives your vehicle a stylish and modern look. The OEM number 982941019 confirms that this is a genuine Porsche original part, offering perfect compatibility and the high quality expected of Porsche components.

This used headlight is in excellent condition with no damage and is an ideal choice for replacing an existing headlight without compromising on performance or appearance.

Suitable for Porsche models 718 Boxster and Cayman of the 982 series, this headlight is an essential element for ensuring the luxurious appearance and optimal functionality of the vehicle's lighting.
