<b>Price:</b>	<b>8.812,18 €</b> <b>(nett:7.405,19 €)</b>

### Product description

This left side fender is specifically designed for the Porsche 911 models 991.2 GT3RS II and GT2RS. Crafted from high-quality carbon fiber, this fender not only enhances the aesthetic appeal of your vehicle but also contributes to its overall performance by reducing weight. The use of carbon fiber in automotive parts is renowned for its strength and lightweight properties, making it an ideal choice for performance-oriented vehicles like the Porsche 911.

The OEM number for this product is 99150303183G2X, ensuring that it is a genuine replacement part that maintains the original standards of manufacturing. This fender is brand new, unused, and undamaged, reflecting its premium quality and readiness for installation.

As an original Porsche part, it guarantees compatibility and a perfect fit with the specified 991.2 GT3RS II and GT2RS models, ensuring a straightforward replacement process. This component is essential for anyone looking to maintain or enhance their vehicle's condition while preserving the authentic look and performance of their Porsche 911.

Whether you're restoring a car, replacing a damaged fender, or upgrading to a lighter option, this carbon fiber fender is an excellent choice that combines durability, style, and performance.
