Product description

This instrument cluster/speedometer is specially designed for the Porsche 911 model 991.1 and offers a perfect combination of functionality and aesthetics. The dials are finished in an elegant black, which adds a stylish touch to the interior of your vehicle. This instrument is designed for vehicles with Porsche Doppelkupplungsgetriebe (PDK) and for the US market, which is recognisable by the specific configuration and display. The OEM numbers for this part are 99164115621A05, 99164115610A05 and 99164115604A05, confirming their authenticity and high quality as Porsche original parts. The instrument cluster is in very good condition, undamaged and therefore an excellent choice if you need a replacement part or are looking to upgrade your vehicle.

This used original part ensures that all displays function accurately and that you are always informed about important vehicle data such as speed, RPM and other relevant information. It integrates seamlessly into the system of your Porsche 911 and supports all necessary functions to ensure optimum performance and reliability. Ideal for Porsche enthusiasts who value original parts and quality.
