Available:	ready for shipping
Price:	7.512,37 € (nett:6.312,92 €)

Product description

This Porsche 911 991.2 Carrera2 PDK transmission, identified by the OEM number 9G130001116, is an essential component for maintaining the performance and efficiency of your vehicle. Designed specifically for the Porsche 911 model 991.2 Carrera2, this PDK (Porsche Doppelkupplung) gearbox offers seamless gear changes with minimal power interruption, enhancing both the driving experience and fuel efficiency.

The PDK transmission is a dual-clutch system that allows pre-selection of the next gear, reducing the time it takes to shift. This not only provides a smoother ride but also contributes to better acceleration compared to traditional manual transmissions. The gearbox being offered is in a used condition but has been described as being in very good shape and undamaged, ensuring that it will perform reliably.

As an original Porsche part, it guarantees compatibility and the highest quality, adhering to the stringent standards set by Porsche. This makes it an ideal choice for replacing or upgrading the transmission in your Porsche 911 991 model.

Whether you're looking to enhance your driving experience or need to replace a failing transmission, this Porsche 911 991.2 Carrera2 PDK gearbox is an excellent investment, combining advanced technology with robust performance and reliability.
