### Product description

This rear light in clear glass look with LED technology has been specially developed for the Porsche 911, model 997.2, facelift version, for the left side of the vehicle. The light carries the OEM numbers 99763199304, 99763199303, 99763199302, 99763199301 and 99763199300, which confirm its compatibility and suitability for the corresponding vehicle models.

The rear light features modern LED technology, which not only ensures improved visibility and safety on the road, but also reduces the vehicle's energy consumption. The clear glass design gives the rear light an aesthetically pleasing appearance and ensures clear and undistorted light distribution, which increases the vehicle's visibility.

This product is new and unused, which means that it shows no signs of wear or damage. It is an original Porsche part, which guarantees the quality and durability of the product. Installation is usually simple and can be carried out without special tools, although it is always recommended that installation be carried out by a specialist to ensure optimum function and safety.

The rear light is ideal for owners of a Porsche 911 model 997.2 who want to bring their vehicle up to the latest technical standards or need to replace a damaged or outdated rear light. With this product, your vehicle will not only benefit from improved functionality, but also from a visual upgrade that reflects the characteristic luxury and style of Porsche.
