Product description

This mounting frame for the right side of the front bumper is specially designed for the Porsche Panamera model 976 Turbo. The part number for this original Porsche replacement part is 976807682A OK1. It is a new, unused and undamaged part sourced directly from Porsche, which guarantees a perfect fit and original quality.

The mounting frame plays an important role in the installation and stabilisation of the bumper. It ensures that the bumper is firmly and securely attached to the vehicle, which contributes to overall vehicle safety and supports aerodynamics. Installing this original part ensures that the aesthetic and functional aspects of the vehicle are maintained as intended by the manufacturer.

Using original parts such as this mounting frame not only ensures the best quality and fit, but also helps to maintain the resale value of your Porsche Panamera. Invest in original parts to ensure the longevity and performance of your vehicle.
