Product description

This high-quality seal is specially designed for the Targa bar on Porsche 911 models 991 and 992. It is located on the left side and ensures an optimal seal between the cover and the bar. This part is crucial for preventing water and air from entering the interior, which not only increases driving comfort but also protects the longevity of the vehicle interior.

The seal has the OEM numbers 9P1898104A, 9P1898104 and 99156297500, which ensures its authenticity and compatibility with the Porsche models mentioned. As an original Porsche part, it guarantees the highest quality and accuracy of fit, which simplifies installation and ensures perfect functionality.

The product is new, which means it is a new, unused and undamaged item. This guarantees that you will receive a product that meets Porsche's high standards and fulfils your expectations in terms of functionality and aesthetics.

This part is an excellent choice for owners of a Porsche 911 models 991 or 992 who value original parts and preserving the integrity of their vehicle. It not only enhances the visual appearance of your Targa, but also helps to maintain the value of your vehicle.
