Product description

The chronograph from the exclusive Pepita Collection was designed by Studio F. A. Porsche. Contemporary features win the race: equipped with a RONDA analogue quartz movement and a case made of finely brushed stainless steel, the chronograph captivates with its polished crown and pushers with a rose gold coating as well as an engraved Porsche crest on the front face. The mineral glass with sapphire and anti-reflective coating protects the dial, which features a monochrome 3D print of the Pepita pattern and a Porsche crest. Super-LumiNova-coated hour and minute hands ensure optimal readability. In addition to the date window at 4 o'clock, the chronograph boasts three totalisers for comprehensive time measurement: second counter (3 o'clock), chrono 30-minute counter (9 o'clock), chrono hour counter (6 o'clock). The butterfly clasp – adorned with engraved Porsche lettering – and 'Made in Germany' lettering at 6 o'clock complete the exclusive appearance. In short: refined details and the perfect combination of form and function make the Pepita chronograph a real must-have for all racing fans.
